BARGAIN BABIES.

If babies were for sale the most inveterate bargain-hunting woman in the world would not look for a bargain baby. She would want the best baby that could be bought, regardless of price.

Every woman naturally craves a healthy, handsome child, and her craving can be gratified if she will but remember that the child's health is her own gift, and to give health she must

mothers whose babies have been weak and puny have nursed in strength their first strong child after using Dr. Pierce's Pavorite Prescription. It is the best preparative for maternity, encouraging the appetite, quieting the nerves and inducing refreshing sleep. It gives the mother strength to give her child, and makes the baby's advent practically painless.

"My wife had been sick nearly all her life," says Mr. E. E. Pricke, of Peiersburg, Menard Co., Illinois, Box 367, "and after trying everything I could think of I made up my saind to try 'Pavorite Prescription.' I got six bottles, which my wife took, a tablespoonful three times a day, until the baby came. She felt better after taking the first bottle, and when baby was born he weighed nine and a half pounds. Today he is six months old and weighs twenty-two pounds. He is as good a child as any one could wish. The doctor says he is as healthy as any baby could be, and also says the use of your 'Pavorite Prescription' was the cause of such a healthy baby."

The company has purchased 10,000 acres of coal and timber land along the upper waters of the Cumberland, and this will be developed without delay.

Don't Worry.

This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear.
